

## Evaluation Matrix

Name of teaching resource Pinterest
Weblink (if web based)
Who should this digital teaching resource be used with? (ie year/grade)  Year 6/7
How should it be used? (e.g. individual, whole class) Whole class, direction from the teacher is essential.
Which subject or learning area would it be most appropriate to use in? Mathematics
Identify the strengths of this teaching resource It's attractive, fun for the kids. Presents information and theories in easily accessible ways.
Identify any weaknesses of this teaching resource It requires teacher input, there is no real structure. This makes it difficult to structure lesson around it.
Explain any ideas you may have for further use of this teaching resource I think there is potential for a structured learning experience where the students are tasked with sourcing the information that they can use to learn topics. However, I don't think this would be my first choice of resource to use in the classroom.
